

Unit 8 Sexuality, a gift from God

Bible Verse:

Genesis 1:31 God saw all that he had made, and it was very good.

Question 1: What are some of the good things concerning sexuality and why is it important that there be boundaries?

Question 2: What consequences did sexuality without boundaries have in your life?

Application: We are all sexual beings from the time before we were born. No matter what your experiences have been so far, start fresh and discover sexuality as a gift from God. Look at yourself in the mirror and know that you are wonderfully made, just like God wanted you to be.
